YOUR Input is Needed

on the Proposed Environmental Restoration Disposal Facility Evaluation Scope

Public scoping period begins
January 10 and ends February 8

You have an opportunity to provide public input on the scope of evaluation for a Hanford Environmental Restoration Disposal Facility.

The proposed Facility would handle hazardous, dangerous, low-level radioactive and mixed (hazardous and radioactive) wastes generated during cleanup of the Hanford Site. This was part of the recent negotiations on the Hanford Tri-Party Cleanup Agreement.

If you would like to review the focus sheet and Expanded Public Notice, visit the information repository or administrative record located near you.
